

Apple Man Fold

Materials Needed:

Red/Green Cardstock

Glue

Prepwork:

Photocopy an apple onto red or green cardstock, cut out apple.

Cut 8x1 strips of black construction paper

Task:

The therapist instructs the students to accordion fold the black strips and glue them (as arms and legs) to the apple face.

Students fold strips of black construction paper in an accordion style to make legs & arms

Students glue them to the apple to make an "apple man".

Student Goals:

Improve motor planning (folding).

Enhance bilateral hand coordination.

Improve precision grasp.
