

Tissue Paper Outlines

Materials Needed:

Multi-colored tissue paper

Multi-colored card stock

Bottle of glue

Prepwork:

Cut tissue paper into small squares.

Photocopy lowercase block letters from previous weeks onto cardstock and cut into cards.

Task:

The instructor or therapist directs students to roll the tissue paper into small balls using their skilled fingers (demonstrate technique) and glue the balls of tissue onto the letter outlines.

Students roll various colors of tissue paper into balls using their skilled fingers.

Students glue the balls inside the block letter.

Goals:

Strengthen intrinsic muscles

Develop in-hand manipulation

Develop graded use of force
