

Practice the Starting Point

Materials Needed:

Worksheet with letters to date that include starting dots

Pencils

Prepwork:

Create worksheet.

Task:

Instructor asks students to practice the letters by starting at the dots.

If needed, the therapist or teacher highlights the baseline to assist students in alignment.

Instructor monitor letter formation and provides feedback as needed.

Student Goals:

Learn where to start the letter.

Write letters with a minimal visual prompt.

Become fluent in writing the learned letters.
