

## Shaving Cream Writing

### **Materials Needed:**

Shaving Cream

Paper towel or old socks to clean the table after the shaving cream writing

Cookie sheets for individual writing areas if preferred over table

### **Prepwork:**

None

### **Task:**

The therapist places a pile of shaving cream in front of each student.

The student spreads the shaving cream and practices drawing letters in it.

### **Student Goals:**

Increase kinesthetic learning – by experiencing the feel of the letter through a different medium

Reinforce learning of letter forms through multisensory input.
