

Bubble Cut

Materials Needed:

Colored Pencils

Cardstock

Scissors

Prepwork:

Print letter outlines with dot for starting point on card stock and cut into cards that are the size of $\frac{1}{4}$ of sheet of cardstock.

Task:

Instructor demonstrates how to bubble cut around the letter and students cut their letter.

Starting at the dot that indicates the starting point, students trace the letter to fill it in with color.

Students then trace around the letter with all colors of the rainbow to create a colorful art picture. Instructor monitors tracing and emphasizes the correct stroke sequence for each letter.

Student Goals:

Improve visual motor integration

Improve letter formation and reinforce correct stroke sequence
