

Space Man & Spatial Organization Task

Materials Needed:

Craft sticks

Markers

Worksheet of sentences with spacing errors

Prepwork:

Create a sample “space man” by decorating craft stick with markers.

Create a worksheet with spacing errors and copy so that each student has one

Task:

The instructor describes how to make a “space man” using a popsicle stick and markers.

Each student creates a “space man” to place between words as an assist in spacing when writing a sentence.

Using the space man, the student identifies spacing errors on the worksheet that the instructor created.

Student Goals:

Improve visual motor integration

Create a tool to support student’s writing

Improve spacing between words
